* Member Referral: For new members that join Carolinas Telco, the referrer is eligible for a \$25 Referral Credit. The new member must open an account with a minimum \$25 deposit. For a referral to qualify, the new account must be open for 30 days and both members' Regular hase Accounts must be open with a \$25 minimum balance, and must be in good standing. Only one \$25 Referral Credit can be rewarded to a referrer for a single account opened, so in the event that more than one individual claims to have referred, the first individual that responds will be entitled to the credit. Either the new member or the referrer must notify the credit union of the referral. If a member is able to assist us with arranging an on-site visit with their telecommunications employer, member may earn rewards, but would not be eligible to earn a prize for referring accounts opened during the on-site visit. Promotion is subject to end at credit union discretion. Employees, officials, and volunteers of Carolinas Telco, and their immediate family, are not eligible. Terms last updated on 10/1/2015.
